

IonQ Access for UChicago Users – Agreement Cover Sheet

Before access to the IonQ platform can be granted, each user must:

- Provide all responses on this cover sheet
- Read the terms of the attached Access Agreement
- Applicant signs and dates the attached Schedule 2 - Access Agreement. If Applicant is a student, their PI or faculty mentor shall also sign.
- Submit a record in AURA Agreements for an ONF, and list Aleksandr Lykhin (lykhin@uchicago.edu) as a collaborator (for review purposes only). You may have a departmental administrator who can assist you with this. If you need to submit the record yourself, follow these instructions. Instructions to obtain access to AURA are on the right side of this page. Contact ura-contracts@uchicago.edu if you have questions about using Agreements.

Schedule 2

Student Access Agreement

By using IonQ's Technology ("Services") the undersigned agrees that they:

- Are responsible for all activities that occur under their individual account according to the terms of the TRIAL ACCESS AGREEMENT signed on 6/30/2023.
- Will use the Services for only educational activity under the direction of University of Chicago's Principal Investigator
- Will not transfer personal access or authentication credentials to another person.
- Will not use Services to benefit any end uses or end users prohibited by US export controls and sanctions. • Will not submit or make available information or services in violation of University of Chicago's Academic Policies or US law.
- Will comply with all US laws and regulations, including US export controls and sanctions, including:
 - Not exporting, releasing, or otherwise transferring information that is subject to US export control laws without authorization from the US Government.
 - Not exporting, releasing, or otherwise transferring information to a country subject to a US embargo or persons subject to US sanctions without authorization from the US Government.
 - Not using the Services if located in a country subject to a US embargo.
